

Faculty of Kinesiology, Sport, and Recreation 2019-2020 Out of Faculty Course Registration

Courses instructed by the Faculty of Kinesiology, Sport, and Recreation (KIN, KRLS, HE ED, RLS, PAC, DAC and DANCE) are restricted to students in our degree programs and to out-of-faculty students who require specific courses in their major or minor (not including optional courses). Notes in Bear Tracks indicate which programs and at which date these students are eligible to enroll.

Some courses are opened automatically to students outside of the faculty in mid-August as outlined through the notes in Bear Tracks (Ex. HE ED 110 and 100 Level PAC courses). In addition to this, the faculty selects a small number of courses that will be considered for out-of-faculty enrolment via Course Placement Request (cannot be added through Bear Tracks student enrolment). The list of eligible courses is included in the following information.

Please note that the Faculty of Kinesiology, Sport, and Recreation teaches a number of classes in Spring and Summer without restrictions (open to all students studying at the University of Alberta).

Course Placement Forms can be submitted beginning August 16th at 8:00 AM through the following link: <https://forms.gle/DhAmbf36rjVGxf3b8>. Forms submitted prior to this date and time will not be considered.

A Course Placement Form that is submitted for a course that does not have open spots will not be accepted. Only the courses listed on the next page will be considered for out-of-faculty placement.

You will receive a response within 10 business days of form submission, however please note that repeated contact or form submission will delay this process. Additionally, enrollment in introductory KRS courses this year does not guarantee enrollment in advanced KRS courses in future years.

Please be aware of any pre-requisites required for a course you are requesting.
