Notes:

- All applicants applying to the Bachelor of Education program must complete the [Casper test](#) as part of their application for the 2022/2023 admission cycle
- All degree coursework must be completed prior to May 1st. Your degree must be awarded and confirmed on your official transcripts by the document deadline
- For all routes: if *6 credits of English Language/Literature (Elementary) or English/French Literature and Composition (Secondary) have not been successfully presented in the first degree, these must be successfully completed within the After Degree program to meet graduation requirements
- If *3 credits of Mathematics/Statistics/Computing Science are not presented upon admission to the Elementary After Degree, these must be successfully completed within the After Degree program to meet graduation requirements
- CTS majors who hold a Journey Certificate, an approved 2-year diploma/certificate, or an approved degree may be granted up to *30 credits advanced standing

How long is the After Degree program?

Elementary

The Elementary After Degree is typically *54-69 credits. Requirements completed prior to admission may reduce the length of the program. Students entering the program without *6 credits in English Literature/Composition and *3 credits in Mathematics/Statistics/Computing Science will be required to fulfill the requirements as part of their program, possibly extending the program up to *69 credits to complete.

Secondary

The Secondary After Degree will vary in length depending on the courses presented at the time of admission, and can range from just under two years to a maximum of four years. Students entering the program without *6 credits in English/French Literature and Composition will be required to fulfill this requirement as part of their program.

The reason for the range in the length of time to complete is due to the fact that students may want to explore another area of interest. For the Secondary route, students will choose a major and a minor.
