Rise to the challenges of teaching every student.

The Graduate Certificate in Educational Studies (GCES) is for teaching professionals and other educational specialists seeking advanced professional education. The program consists of four-courses (12 credits) centered on teaching students with complex communication needs.

The GCES is a cohort-based, part-time program that suits your schedule and timelines. Courses are presented online with some synchronous components.

THE PROGRAM

The Graduate Certificate in Educational Studies - Teaching Students with Complex Communication Needs (GCES - TSCCN) provides you with opportunities to enhance your skills as an educator responsible for providing quality instruction to students with significant disabilities including those who have complex communications needs (CCN). See Alberta's [Essential Components for Teaching Students with Complex Communication](#) needs document for a description of students with complex communication needs.

This certificate is designed for teachers, learning coaches, and related health professionals who want to enhance their knowledge and practice working with students with CCN who require Augmentative and Alternative Communication (AAC) to meet the demands of their everyday communication. You will be engaged in authentic tasks and experiences directly linked to working with students with CCN. Full course descriptions are available on our website.
