HEALTH + DRUGS

2023

We're always happy to welcome new employees into the **MINT** family!

Let's strive to make independent pharmacies a lively element of Alberta's health care community.

About Us

Since we opened our first location in 2010, our family of pharmacies has grown rapidly into communities across the province. Our dedicated team of owners, pharmacists and support staff are passionate about providing patient care that improves personal health and strengthens the broader community.

Our core values on the next page are not just words – they are the foundation of everything we do. We are committed to providing compassionate, ethical, collaborative, innovative, and excellent healthcare services that make a difference in the lives of both our patients and team.

“OUR TEAM IS THE FOUNDATION OF EVERYTHING THAT WE DO.”

*Ron Wai, Director of
Business Development & Programs*

Why Choose Us?

At Mint Health + Drugs, we are dedicated to providing high-quality healthcare services that meet the diverse needs of our clients.

Our values define truly what **MINT** means.

They are the foundation of our business, guiding our actions and decisions every day.

- ✔ **MOTIVATE:** We believe in an intrinsic motivation to improve. To strive to be the best version of ourselves, not because we have to, but because we desire to.
- ✔ **INNOVATE:** Innovating best practices. There's always a right way to do something. Learn it first, then make it better.
- ✔ **NURTURE:** Nurturing our communities. Take care of those around you, whether they are your friends, family, neighbours, co-workers or even a stranger.
- ✔ **TEACH:** Improving ourselves and those around us through lifelong teaching, sharing and learning.
