 Letter to Mr. Michael Phair from Sarah Ficko, President, Graduate Students' Association, dated April 3, 2017 (1 page)

Prepared by: Sarah Ficko, President, Graduate Students' Association, <u>gsa.president@ualberta.ca</u>, (780) 492-2175

Revised: 4/11/2017

Mr. Michael Phair Chair, Board of Governors 3-04 South Academic Building University of Alberta, Edmonton, AB, T6G 2G7 3 April 2017

Re: GSA Fees 2017-2018

Dear Mr. Phair,

This letter is to inform you of the GSA Fees for 2017-2018, as recommended by the GSA Budget and Finance Committee and the GSA Board for ultimate approval by GSA Council.

The GSA asks that the Board of Governors approve the collection of the fees noted below, as approved by GSA Council:

1) GSA Base Membership Fee for full-time students: \$163.07 + GSA Dedicated Fees* of \$3.00 = **\$166.07** (per year) or GSA Base Membership Fee for part-time students: \$122.30 + GSA Dedicated Fees* of \$3.00 = **\$125.30** (per year) [1.5% CPI increase in the GSA Base Membership Fee from 2016-2017; no change in the Dedicated Fees from 2016-2017]

*The GSA Dedicated Fees include a collection from full- and part-time students of \$1/term for CJSR, and a collection from full- and part-time students of \$0.50/term for the Alberta Graduate Provincial Advocacy Council.

GSA Membership Fees should be assessed in equal installments in the fall and winter terms.

2) Total GSA Health and Dental Plan Fee: \$500.36 per annum (1.5% increase from 2016-2017) with health and dental fees listed below.

GSA Health Plan Fee for full-time students: \$285.61 (charged in full in the fall term and, for graduate students beginning their academic programs in the winter term, charged at a pro-rated rate in January).

GSA Dental Plan Fee for full-time students: \$214.75 (charged in full in the fall term and, for graduate students beginning their academic programs in the winter term, charged at a pro-rated rate in January).

3) Graduate Student Assistance Program: \$12.00 per annum (\$4.00 in the fall term, \$8.00 in the winter term).

The Health and Dental Plan Fee is assessed in the fall and winter terms, and the Graduate Student Assistance Program Fee is assessed at \$4.00 in the fall term and \$8.00 in the winter term.

Should you have any questions or concerns about this fee structure, please feel free to contact me at gsa.president@ualberta.ca or (780) 492-2175.

Sincerely,

Sarah Ficko, GSA President 2016-2017

Action Requested	☐Approval ☐Recommendation
Proposed by	University of Alberta Students' Union
Presenter	Fahim Rahman, Students' Union President

Details

Responsibility	University of Alberta Students' Union
The Purpose of the Proposal is (please be specific)	To recommend an increase to all Students' Union Operating/Referendum fees by CPI (1.12%), with the exception of the Access Fund (which is indexed on an average cost for budgeted administrative costs for the following fiscal year and the average of the total monies dispersed and net transfers to the fund over the previous three (3) fiscal years, pro-rated on a per-student basis), the SU membership Fee and the Health and Dental Plan Fee.
	To instate a new referendum/dedicated fee on behalf of the Campus Food Bank. To instate two separate Residence Associations fees.
The Impact of the Proposal is	Increase all Students' Union Operating/Referendum fees by CPI (1.12%), with the exception of the Access Fund, which is indexed on an average cost index, and the Health and Dental Plan Fee.
	In addition to the CPI increase to the SU Membership Fee, the SU Membership Fees will increase an additional \$3.25/term (from \$42.73 to \$46.46) for all Full-time and (from \$22.37 to \$25.87) for all Part-time Students. An additional \$1.63 (from \$26.66 to \$28.59) shall apply to all Intersession Students SU Membership Fee.
	A new referendum/dedicated fee shall be collected on behalf of the Campus Food Bank. All Full, Part-time, and Off-Campus students shall be accessed \$1.00/term. The fee will not apply to Augustana students. Students will have the option to opt-out of the fee.
	The Access Fund fee will increase to \$14.56/term (from \$14.34/term) for Full and Part-time students, and increase to \$7.28 (from \$7.17/term) for Intersession students.
	The Health & Dental Plan fees will be assessed as follows: For Fall enrollment, the Health Plan will be assessed at \$136.50/annum (from \$129.80/annum) and the Dental Plan Fee at \$147.20/annum (from \$128.15/annum). For Winter enrollment, the Health Plan will be assessed at

	COLONIA COLONI
	\$91.00/annum (from \$86.53/annum) and the Dental Plan Fee at \$98.13/annum (from \$85.43/annum).
	Two separate fees for two Residence Associations shall be instated and classified as a referendum fee:
	The Newton Place Residence Association Membership Fee shall be assessed at \$40.00/year for Full-time and Part-time students living in Newton Place residences.
	The Lister Hall Residence Association Membership Fee shall be assessed at \$75.00/year for Full-time and Part-time students living in Lister Hall residences.
Replaces/Revises (eg,	University of Alberta Students' Union 2016/2017 Operating/Referendum
policies, resolutions)	Fees
Timeline/Implementation Date	September 1, 2017
Estimated Cost and funding sources	None
Next Steps (ie.: Communications Plan, Implementation plans)	Upon approval by the Board of Governors, the Students' Union will advise the Registrar's Office of the new and updated fees.
Supplementary Notes and context	Background: All fees are indexed to CPI with the exception of the Access Fund and Residence Association Fees. The Students' Union Fees are comprised of two classifications; the SU Operating Fee, and the SU Referendum Fees. Faculty and Residence Association Fees are included in the Referendum Fees on a term basis and the Health and Dental Plan Fee is included in the Referendum Fee on an annual basis.
	There are no other changes to the fee structure or the administration of Students' Union Fees.

BRIEFING NOTES

UAPPOL Parking and Traffic Management Policy

Ancillary Services, Facilities and Operations

Background

The Post-secondary Learning Act (PSLA) gives the Board of Governors the authority to make parking bylaws to control vehicles on university lands. Historically, these bylaws have been managed and enforced by Parking Services in accordance with Section 62, which states "A board may delegate in writing to any person any power, duty or function conferred or imposed on it by this Act, except the power to make bylaws".

Parking Services provides a wide array of parking and transportation-related services on all University campuses, serving faculty, staff, students, and visitors in their day-to-day parking needs. Parking Services is an entity of Ancillary Services, meaning it operates on a full cost-recovery basis with no draw on the University's budget.

Although the Parking and Traffic Management Policy (2004) and associated procedures were approved by the Vice-President (Facilities and Operations), beginning in 2014, a protocol was introduced that all policies and procedures are reviewed no less frequently than every five years.

Issue

The most recent review of the Parking and Traffic Management Policy (2004) revealed an absence of clear delegation to the Vice-President (Facilities and Operations) and that the Board of Governors has not developed specific bylaws for parking.

In consultation with the Policy Standards Office, General Counsel, and the Governance Office, it was determined that, as part of the review, an updated policy can serve as the Board of Governor's Parking Bylaws as permitted under Section 18 of the PSLA. Further, the policy should have a clear delegation to the Vice-President (Facilities and Operations) to operationalize and enforce these bylaws on all University of Alberta campuses.

Overview

Legislation Governing Parking

Pursuant to provisions of the *Post –Secondary Learning Act* of Alberta, the Board of Governors has the authority to make parking and traffic bylaws to control vehicles on university lands. This policy will serve as the University's parking and traffic bylaws.

<u>Purpose</u>

To state the University of Alberta's position on parking and traffic management on its campuses and properties. This policy defines university parking and traffic bylaws to control vehicles on University lands, and provides the delegation from the Board of Governors to the Office of the Vice-President (Facilities and Operations) to operationalize and enforce those bylaws.

POLICY

The Post-Secondary Learning Act 2003 empowers the University to manage parking and certain traffic related matters. While recognizing the jurisdiction of related municipal and provincial legislation (i.e. The Highway Traffic and Safety Act), the University will further restrict traffic control as it sees fit.

Under the direction of the Board of Governors, the privilege of bringing a vehicle onto campus is managed through the issuance of permits and visitor parking fees, and is subject to owners and operators of vehicles observing the University of Alberta Campus Traffic and Parking Regulations

The Board of Governors recognizes parking as a legitimate use of University lands and requires it be a regulated activity. The Board of Governors also recognizes that the traffic flow on campus may be disrupted for construction, special events, or other special circumstances. While recognizing the jurisdiction of related municipal and provincial legislation (i.e. The Highway Traffic and Safety Act), the University may further restrict traffic control as necessary. The provision of parking services is conducted as an ancillary operation. Parking Services is mandated to contribute operational revenue to the University. Parking Services also administers the allocation of parking availability through established criteria. All changes to parking rates are made at the recommendation of the Board Finance and Property Committee to the Board of Governors and under the authority of University traffic management policies.

Citations for any violations of Campus Traffic and Parking Regulations are enforced by a system of fines-involving the issuing of parking citation tickets and, when necessary, tow away actions.

Parking Administration and Traffic Management

The Vice-President (Facilities and Operations) is responsible for the administration and enforcement of the University's parking and traffic bylaws. The provision of parking services, which includes the ability to operationalize and enforce parking bylaws, is conducted as an **ancillary operation** through the department of Parking Services. The provision of traffic management includes the ability to direct or reroute traffic flow on campus, as outlined in *Appendix A: Parking Operations*.

Parking Fees and Penalties

The privilege of bringing a vehicle onto campus is managed through the issuance of permits and visitor parking fees, and is subject to owners and operators of vehicles observing the practices outlined in *Appendix A: Parking Operations*.

Parking on campus is enforced by a system of collecting fees for the use of parking stalls and collecting fines, by the issuance of parking citations, or other penalties, as outlined in Section 5.2 of *Appendix A:Parking Operations*. All fees and penalties, including fines, and changes to such, are approved by the Board of Governors.

The University has a process for filing appeal and arbitrating disputes, as outlined in Section 5 of Appendix A: Parking Operations.

DEFINITIONS

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [AT o p]			
Parking Facilities	An area comprised of one or more parking stalls.		
Ancillary Operations	The services that support the operation of the university and its academic and research activities There is no government funding for ancillary space or activities; they are cost recovery or cost neutral, therefore the costs of doing business must be offset by the fees.

Overview

Legislation Governing Parking

Pursuant to provisions of the *Post-Secondary Learning Act* of Alberta, the Board of Governors has the authority to make parking and traffic bylaws to control vehicles on university lands. This policy will serve as the University's parking and traffic bylaws.

Purpose

This policy defines university parking and traffic bylaws to control vehicles on University lands, and provides the delegation from the Board of Governors to the Office of the Vice-President (Facilities and Operations) to operationalize and enforce those bylaws.

POLICY

The Board of Governors recognizes parking as a legitimate use of University lands and requires it be a regulated activity. The Board of Governors also recognizes that the traffic flow on campus may be disrupted for construction, special events, or other special circumstances. While recognizing the jurisdiction of related municipal and provincial legislation (i.e. The Highway Traffic and Safety Act), the University may further restrict traffic control as necessary.

Parking Administration and Traffic Management

The Vice-President (Facilities and Operations) is responsible for the administration and enforcement of the University's parking and traffic bylaws. The provision of parking services, which includes the ability to operationalize and enforce parking bylaws, is conducted as an **ancillary operation** through the department of Parking Services. The provision of traffic management includes the ability to direct or re-route traffic flow on University lands, as outlined in *Appendix A: Parking Regulations*.

Parking Fees and Penalties

The privilege of bringing a vehicle onto campus is managed through the issuance of permits and visitor parking fees, and is subject to owners and operators of vehicles observing the practices outlined in *Appendix A: Parking Operations*.

Parking on campus is enforced by a system of collecting fees for the use of parking stalls and collecting fines, by the issuance of parking citations, or other penalties, as outlined in Section 5.2 of *Appendix A: Parking Operations*. All fees and penalties, including fines, and changes to such, are approved by the Board of Governors.

The University has a process for filing appeal and arbitrating disputes, as outlined in Section 5 of *Appendix A: Parking Operations*.

DEFINITIONS

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. **[ATop]**

Ancillary operations

the services that support the operation of the university and its academic and research activities. There is no government funding for ancillary space or activities; they are cost recovery or cost neutral, therefore the costs of doing business must be offset by the fees.

Natural Resources Engineering Facility (NREF) Renewal and Renovation: Capital Expenditure Authorization Request (CEAR)

Background

In 2017/18, the University anticipates expending approximately \$120 million in modernizing teaching, research, and administrative space across its five campuses. How each project is funded varies depending on a multitude of circumstances.

The Project

The Department of Civil and Environmental Engineering invests heavily on research activity, the majority of which is in partnership with companies working in the construction, advanced structural materials, and natural resource industries. These partnerships have led to considerable commercialization success with historically rapid implementation by our partners.

Renewal of the Natural Resources Engineering Facility (NREF) building will provide a platform to engage an additional 40 industry partners as well as create much-needed space for incubation of researcher-created spin-offs. By integrating a building information system, the creation of a "living laboratory" will inform best practices in building sustainability management resulting in improved outcomes for climate change goals.

Research occurring within these spaces includes advanced building materials production and processing for sustainable construction technologies; integration of renewable and sustainable building construction; and ultra-low energy and environmentally responsible natural resource development. This research will further leading-edge efforts to address climate change.

The project funding of \$22 million is provided by the Faculty of Engineering.

As per the matrix below, overview authorization, in the form of a Capital Expenditure Authorization Request (CEAR), must be obtained for any capital project where the estimated cost is equal to or in excess of \$100,000. A Supplemental CEAR is required when a project experiences a change in funding sources or revised cost estimates.

Approval Level	Original CEAR or individual Supplemental CEAR Approval	Aggregate Total CEAR and Supplemental CEARs Approval
	Up to and including:	Up to and including:
Facilities and Operations Directors	\$500,000	\$750,000

BFPC	\$7,000,000	\$14,000,000
BG	Over \$7,000,000	Over \$14,000,000

Recommendation

This CEAR is seeking BFPC recommendation for Board approval of an expenditure of \$22 million for the renewal and renovation of the Natural Resources Engineering Facility (NREF).

Maple House Renewal: Capital Expenditure Authorization Request (CEAR)

Background:

The University of Alberta offers a wide array of residence options for its student population ranging in age from over 50-years-old to brand new. Residence Services has undertaken to renew portions of the older inventory recognizing current accommodation standards and student expectations. The Maple House renewal constitutes Phase 2 of a two-phase project that saw Aspen House, identical and adjacent to Maple House, renewed in summer 2016.

The Project:

Maple House, a 138-bed student residence, was constructed as the student-athlete residence for the 1983 Summer Universiade. The finishes within Maple House are well beyond the intended lifecycle and need to be updated to meet the desired finish level for a U of A residence, reduce ongoing maintenance, and add value for students. Flooring, millwork, bathroom and kitchen fixture replacement, and paint are all included in the scope of the project.

As with all residence renovations, the applicable rent is adjusted to reflect the improvements to the accommodation. Board approval for both Aspen and Maple House rent rates was sought and granted in December 2015.

As per the matrix below, overview authorization, in the form of a Capital Expenditure Authorization Request (CEAR), must be obtained for any capital project where the estimated cost is equal to or in excess of \$100,000.

Approval Level	Original CEAR or individual Supplemental CEAR Approval	Aggregate Total CEAR and Supplemental CEARs Approval

Recommendation

This CEAR is seeking BFPC approval for an expenditure of \$2.6 million for the renewal and renovation of the Maple House residence.

UNIVERSITY OF

Edmonton Clinic Health Academy (ECHA): Supplemental Capital Expenditure **Authorization Request (CEAR)**

Background

For capital grants awarded to the University of Alberta, any interest earned from the funds is to be allocated to the project for which the grant was awarded.

The Project

\$425 million was provided to the U of A for the design and construction of the Edmonton Clinic with payments extending from 2007 until 2012. During the final years of construction, the Government of Alberta authorized various backfill initiatives to be included in the grant's project scope. As such, and upon the ECHA completion and occupancy, the project focus shifted to several renewal programs involving Clinical Sciences, Dentistry-Pharmacy, Medical Sciences, Biological Sciences, and Terrace Plaza.

The backfill included several renewal objectives, each mindful of adjacencies issues, schedule impacts, and decant logistics. This iterative process ensured critical backfill objectives could accommodate spatial, programming, and infrastructure renewal requirements. The U of A is now in a position to conclude project scope assignments including leveraging application of matching funds for the federal Strategic Investment Fund grants.

Through effective resource planning and project stewardship, interest on the initial grant has accumulated to \$4.73 million. Based on the modified project scope requirements, the available interest funds will be transferred into the capital project to fulfill our ongoing scope obligations related to backfill initiatives within the health sciences precinct (decants, renovations, renewal programs) linked to Post-Secondary Strategic Investment Fund (SIF) funded projects.

As per the matrix below, overview authorization, in the form of a Capital Expenditure Authorization Request (CEAR), must be obtained for any capital project where the estimated cost is equal to or in excess of \$100,000.
