13.2 Residence Requirements

The University of Alberta is committed to admitting highly qualified students from Alberta, Canada and the international community. To meet the needs of the community the University serves, some Faculties have established program enrolment targets regarding the citizenship and residence* of undergraduate students. No non-resident shall be admitted to a Faculty who is less qualified than any Alberta resident who is denied admission to that Faculty.

*A resident of Alberta is defined as a Canadian Citizen or Permanent Resident (Landed Immigrant) who has been continuously resident in the Province of Alberta, the Yukon, the Northwest Territories or Nunavut for at least one year immediately before the first day of classes of the term for which admission is sought. The one-year residence period shall not be considered broken where the admission committee is satisfied that the applicant was temporarily out of the province on vacation, in short-term employment, or as a full-time student.

Applicants on study permit cannot establish residence during a period as a full-time student in an Alberta secondary or postsecondary institution because a stay under study permit is considered to be a visiting period.

13.3 Language Proficiency Requirements

13.3.1 English Language Proficiency

English is the primary language of instruction in all Faculties except Faculté Saint-Jean. All undergraduate applicants to any program or course except Faculté Saint-Jean need an adequate level of English language proficiency before admission, regardless of their citizenship status or country of origin.

The University of Alberta reserves the right to use discretion in determining adequate levels of language proficiency to ensure success in academic programs. In some cases, additional English language testing, conducted by the Faculty of Extension, may be required to confirm English proficiency.

Proficiency in English may be fulfilled in one of the following ways:

- (1) Successful completion of three years of full-time education in English
 - a. in Canada including the grade 12 year. This can be a combination of secondary and postsecondary education. (See notes 1, 2, and 3).
 - b. in another country where English is recognized as an official language of instruction. (See notes 1, 2, 3, and 5).
 - c. at a recognized school/institution which uses English as the primary language of instruction. (See notes 1, 2, 3, and 5).
- (2) Successful completion of the equivalent of three years of full-time instruction in a school/institution in Canada in which the major language of instruction is other than English, but where the level of English proficiency required for graduation is equivalent to that in English language schools/institutions in Canada.
- (3) Completion of one of the following:
 - a. a final blended grade of 75% or better in English Language Arts 30-1 course (Alberta High School),
 - b. a predicted grade of 5 or better on the International Baccalaureate English A1, A2, or a grade of 6 or better on English B,
 - c. a grade of 4 or better on the Advanced Placement English College Board examination
 - d. a grade of B or better in an O-level, GCSE, or IGCSE English Language or Literature course.
 - e. a grade of B+ or better in ★6 of transferable university-level English Language and Literature completed at an English language institution.
- (4) Graduation from a degree program offered by an accredited university at which English is the primary language of instruction and in a country where English is the primary language. (See note 5)
- (5) One of the three TOEFL (Test of English as a Foreign Language) test formats with the appropriate score;
 - a. Paper-based TOEFL of at least 580 with a TWE of 4.0 or better
 - b. Computer-based TOEFL of at least 237 with an essay of 4.0 or better
 - c. Internet-based TOEFL (iBT) of at least 86, with no less than 21 on each band. (See note 4)
- (6) A score of at least 85 on the MELAB (Michigan English Assessment Battery). (See note 4)
- (7) A score of at least 6.5 on the IELTS (International English Language Testing System) with no band less than 5.0. (See note 4)
- (8) A score of at least 70 on the CAEL (the Canadian Academic English Language assessment exam). (See note 4)
- (9) Successful completion of the University of Alberta's ESL 140/145.

Applicants with superior academic standing who do not meet the English language requirements but who have a TOEFL score between 530 and 577 (paper-based) or 197 and 233 (computer-based) and who meet all other Faculty-specific program requirements may be considered for admission to the Bridging Program. For more information, students should contact the Office of the Registrar and Student Awards, International Admissions Unit, 120 Administration Building, Edmonton, Alberta, T6G 2M7.

Notes:

- (1) Enrolment in English as a Second Language (ESL) courses or programs will not be included in the calculation of three years of full time study. Enrolment must be in a regular high school or postsecondary for-credit program. Where students are registered in both ESL and regular programs, the ESL hours will be deducted from the total educational hours.
- (2) Proof of three years of education must be submitted in the form of official transcripts (including details on course enrolment and hours of instruction)
- (3) Failing grades/courses will not be counted when calculating full time attendance. Only courses with passing grades will be considered.

- (4) Standardized test results must be issued directly from the testing office. Photocopies will not be accepted. Test scores must be valid and verifiable.
- (5) For a list of countries and institutions that are recognized as having met the University of Alberta's English language proficiency requirement, visit our website at: www.registrar.ualberta.ca/elp

13.3.2 Spoken English Requirement

Besides demonstrating overall English language proficiency, applicants to the teaching and health sciences disciplines need a further level of spoken English proficiency, regardless of their citizenship status or country of origin. The University of Alberta reserves the right to use discretion in determining adequate levels of spoken English language proficiency. In some cases, additional English language testing, conducted by the Faculty of Extension, may be required. To determine whether or not proof of spoken English proficiency is required, applicants should verify specific admission requirements for intended program(s). See §15.

Spoken English proficiency may be shown in any of the following ways:

- (1) Six full years of education in English in Canada or the equivalent in another country where English is the principal language. Such education must include the Alberta Grade 12, or equivalent level, and can be in a combination of secondary and postsecondary training (see notes 1, 2, 3 and 5).
- (2) Successful completion of the equivalent of six years of full-time instruction in a school/institution in Canada in which the major language of instruction is other than English, but where the level of English proficiency required for graduation is equivalent to that in English language schools/institutions in Canada (see notes 1, 2, 3 and 5).
- (3) A score of at least 50 on the TSE (Test of Spoken English) or a minimum speaking score of 26 points on the TOEFL iBT test (see note 4).

Notes

- (1) Enrolment in English as a second language (ESL) courses or programs will not be included in the calculation of 6 years of full time study. Enrolment must be in a regular high school or post-secondary for-credit program. Where students are registered in both ESL and regular programs, the ESL hours will be deducted from the total educational hours.
- (2) Proof of 6 years of education must be submitted in the form of official transcripts (including details on course enrolment and hours of instruction)

13.3.3 Exemptions

- (1) **Faculté Saint-Jean**
French is the primary language of instruction in the Faculté Saint-Jean. All applicants to the Faculté must demonstrate proficiency in written and spoken French, as outlined in §183.1.2(2).
With the exception of applicants to the BCom (Bilingual) and BScN (Bilingual) programs, applicants to Faculté Saint-Jean do not have to show proficiency in English before admission (see §183.1.16). However, they must demonstrate proficiency in English before they may be granted a degree from this institution.
- (2) **Formal International Visiting and Exchange Programs**
Applicants under formal international visiting and exchange program agreements are exempt from English Language Proficiency requirements.
The agreement specifies that the partner institution will ensure that the student has sufficient English language skills.

13.3.4 Waiver of Requirement for Bilingual Applicants

Applicants who are completely bilingual may petition that their English language proficiency exceeds the specified minimum levels and request a waiver of the testing requirement.

The Registrar, acting on behalf of the Faculties, has the authority to hear petitions and to waive testing requirements for undergraduate applicants. Exemptions will be based on assessments of the applicant's English language proficiency as shown by a written petition. A personal interview may also be required. Please direct enquiries and petitions to the Assistant Registrar,

Liaison and Recruitment, Office of the Registrar and Student Awards, 120A Administration Building.

13.3.5 Testing Arrangements

Information and registration forms to write the TOEFL and TSE in Edmonton are available from Examinations and Timetabling, Office of the Registrar and Student Awards, 120A Administration Building. When requesting official test results to be forwarded to the University of Alberta, please indicate institution code 0963 and department code 00.

13.4 Categories of Undergraduate Admission

Three categories of admission exist for entry into undergraduate degree programs:

- (2) **Matriculated* Applicant–On Transfer from a Postsecondary Institution**, see §14.2
- (3) **Nonmatriculated Applicant**, see §14.3

*Matriculation is the achievement of a minimum level of academic preparation that would allow a prospective student to undertake and successfully complete a particular university degree.

Note: Prospective students who are disabled and who are seeking admission should consult §25.16.

13.4.1 Application and Registration as an Open Studies Student

For information regarding registration as an Open Studies student, see §220.2.

13.5 Admission Decision Process

13.5.1 Conditional Offers of Admission

- (1) **High School applicants**
Conditional admission is offered annually before completion of the final year of high school to students who have achieved above average standing in their first semester/first term courses. Students are considered on the basis of Grade 12 (or equivalent) courses and grades entered on the Application for Admission, Readmission or Internal Transfer. To be considered, applicants should enter all Grade 12 (or equivalent) courses completed, in progress (including second semester/second term) and any final or interim grades available.
- (2) **Postsecondary Transfer applicants**
Conditional admission is offered in a number of programs to currently attending postsecondary transfer students who have achieved above average academic standing in transferable postsecondary coursework. To be considered applicants must submit official transcripts of all completed postsecondary course work as well as interim transcripts of first term results and second term registration.
- (3) **Readmission and Internal Transfer applicants**
Conditional admission is also offered in a number of programs to current U of A students applying for internal transfer, or previous U of A students applying for readmission, who have achieved above average academic standing in their first term coursework.
- (4) **Registration**
After a conditional offer of admission has been made, students will be sent an e-mail regarding registration information in Bear Tracks. New students may begin registering online using Bear Tracks as of May 1.
Note: If conditional admission is not offered, the application for admission, readmission or internal transfer remains active. Applicants will be reassessed for final admission once results are available.

13.5.2 Final Offers of Admission

Offers of final admission are made upon receipt of all final official documentation. Decisions are generally made within the first two weeks of July for postsecondary transfer applicants and during the last week of July and the first week of August for high school applicants.

Applicants with conditional offers of admission will be reassessed for final admission. Conditional offers are withdrawn if the requirements in the offer are not met.

Applicants who identify incorrect information or errors should address their concerns to the Assistant Registrar (Admissions), Office of the Registrar and Student Awards.

13.5.3 Admission on Academic Probation

At the discretion of the Faculty an applicant may be admitted on academic probation in the following circumstances:

- (1) when the applicant's previous academic attainment is difficult to assess (e.g., refugees lacking academic records); or
- (2) when the applicant's previous academic record is either deficient in some respect or below the standard ordinarily required.

The Faculty may require the student to meet specified course, program, and performance standards to maintain eligibility in the program.

13.5.4 Deposits on Confirmation of Admission

Upon notification of admission, successful applicants to certain programs are required to remit a nonrefundable deposit to the University to confirm their admission. The deposit will be credited toward payment of tuition upon completion of registration. The following undergraduate programs require a deposit:

Doctor of Dental Surgery (DDS)
Diploma in Dental Hygiene
Bachelor of Laws
Doctor of Medicine (MD)
Bachelor of Science in Medical Laboratory Science
Bachelor of Science in Pharmacy

Applicants should contact specific Faculties for more information about deposits, including specific amounts. Applicants who have paid an admission confirmation deposit are not required to pay an additional confirmation deposit upon registration (See §22.1.6)

13.5.5 Appeal from Admissions and Readmissions Decisions

Admission and readmission decisions are final. There is no formal appeal to any other body or person within a Faculty or the University. Applicants who wish to improve their qualifications for admission or readmission in a subsequent year may seek advice from the office of the Faculty to which they want to apply.

14 General Admission Requirements

In addition to the general University admission requirements detailed below, Faculties have additional admission requirements for each program. Specific admission requirements are detailed in §15.

14.1 Admission of Aboriginal Students

14.1.1 General Statement

The University of Alberta is committed to the recruitment, retention and graduation of Aboriginal students. The University also recognizes that Aboriginal applicants have traditionally been under represented in higher education and strives towards having the University's Aboriginal student population attain a level that is at least proportionate to the Aboriginal population of the province.

In order to facilitate appropriate representation of Aboriginal students on campus, additional qualified applicants may be considered over and above the Aboriginal students who are admitted in the regular competition for places in a Faculty. Aboriginal applicants who wish to be considered for such additional places must attain the minimum admission requirements of their chosen program as prescribed by the University and its Faculties and Schools. To assist the University in achieving this overall goal, Faculties are encouraged to set aside places specifically for Aboriginal applicants, the number being consistent with the available pool, student interests, and available teaching and learning support services.

14.1.2 Definition of Aboriginal People for the Purpose of Admission

- (1) **Definition of an Aboriginal Applicant:** For the purpose of application and admission to the University of Alberta, and in accordance with the Constitution Act, 1982, Part II, Section 35(2), an Aboriginal applicant is an Indian, Inuit, or Métis person of Canada, or a person who is accepted by one of the Aboriginal peoples of Canada as a member of their community.
- (2) **Proof of Aboriginal Ancestry:** Proof of Aboriginal ancestry may be required by Faculties; candidates will be advised at the time of application if they must provide it. Where proof is required, documentation will be verified by
 - a. the Faculty of Law, if application is made to the Faculty of Law;
 - b. the Faculty of Medicine and Dentistry, if the application is made to the Dentistry, Medicine, Dental Hygiene or Medical Laboratory Science programs;
 - c. the Aboriginal Student Services Centre, acting on behalf of all other Faculties, if application is made to any other program.

Aboriginal applicants must be aware that proof of ancestry does not guarantee admission to any program. All positions at the University are competitive and admission committees will make their selections from among the best qualified candidates. Candidates may also be required to demonstrate their connection to an Aboriginal community.

The following is accepted as proof of ancestry, for the purpose of application:

- a. a certified copy of a Status or Treaty card;
- b. a certified copy of a Métis membership card;
- c. a certified copy of a Nunavut Trust Certificate card, roll number or any other proof accepted by Inuit communities;
- d. proof that an ancestor's name has been entered
 - 1) in the Indian Register according to the Indian Act, or
 - 2) on the band list of an individual band, or
 - 3) on the Inuit roll;
- e. evidence of an ancestor who received a land grant or a scrip grant under the Manitoba Act or the Dominion Lands Act;
- f. written confirmation of Aboriginal ancestry from the Department of Indian Affairs;
- g. written confirmation of membership by a band council which has enacted its own band membership code;
- h. a Statutory Declaration by an applicant attesting to Aboriginal ancestry, supplemented by letters or documentation supporting the Declaration
 - 1) from an official of a recognized native organization, or
 - 2) from a relative in an Aboriginal community, or
 - 3) from the applicant describing involvement with Aboriginal issues.

Other forms of proof may be considered.

- (3) **Residence**
 - a. Regarding Application: Residence regulations affecting application to any program at this University shall be waived for Aboriginal applicants.
 - b. Regarding Admission: For the purpose of determining admission to a program, an Aboriginal applicant who is not resident in Alberta will be considered in the following categories and in the order specified:
 - 1) First, as a candidate for the positions reserved for out-of-province applicants.
 - 2) Second, as a candidate for the positions reserved for Alberta residents. Residence regulations shall be waived for this purpose.
 - 3) Third, as a candidate for positions set aside specifically for Aboriginal applicants. Preference for these positions may be given to those who are resident in Alberta.

- (4) **Appeal on Aboriginal Status**

Appeals regarding Aboriginal status for the purpose of application can be made to the Office of the Provost and Vice-President (Academic). Appeals may be made on status only and must be received, in writing, within 30 days of the date on the letter advising that proof submitted in support of Aboriginal status has not been accepted for the purpose of application to a program.

In the case of an appeal, the Office of the Provost and Vice-President (Academic) shall authorize a panel to review the decision, consisting of the following members:

- in the Chair, the Provost and Vice-President (Academic) (or delegate)
- President, Aboriginal Students Council (or delegate)
- an Elder (appointed by the University of Alberta Aboriginal Council)

- an appropriate representative of an Indian, Métis or Inuit community (appointed by the University of Alberta Aboriginal Council)
- a member of a Faculty not associated with the case (appointed by the Provost and Vice-President (Academic)).

The decision of the appeal panel is final and binding.

14.1.3 Transition Year Program for Aboriginal Applicants

The University of Alberta encourages Aboriginal students to apply for entrance to its degree programs through the normal admission categories as detailed in §15. Prospective students who do not meet these requirements may be eligible for admission by successfully completing a Transition Year Program.

The Aboriginal Student Services Centre, in conjunction with several Faculties, administers these Transition Year Programs. These separate streams give chosen Faculty and assist them to integrate into the campus community. Students admitted to a Transition Year Program will take a combination of degree credit courses and tutorial, support classes.

Admission into a degree program via this particular route is a two-step process. Students must first be admitted into a Transition Year Program, perform satisfactorily on all courses during the program, and then apply the following year for admission to the degree program. The admission requirements follow.

For more information about the Transition Year Program, contact Aboriginal Student Services Centre, 2-400 Students' Union Building University of Alberta, Edmonton, Alberta, T6G 2E1; telephone: (780) 492-5677; fax (780) 492-1674.

14.2 Matriculated Applicants—On Transfer from a Postsecondary Institution

Students seeking admission to a degree or diploma program at the University of Alberta must have successfully completed the matriculation requirements for that program, as specified by the Faculty that offers the program. While Alberta Education is the only agency that certifies successful completion of these matriculation requirements, the University recognizes other ways in which students may meet them—for example, through suitable programs of study in postsecondary institutions in the province.

The University of Alberta, while supporting the traditional role of the high schools to prepare students for university entrance, recognizes that other postsecondary institutions in Alberta offer suitable preparation for university studies.

Because all programs have limits on the number of students the University of Alberta will accept each year, admission is competitive.

14.2.1 Admission from Colleges and Universities

Note: Notwithstanding the following information, certain programs may require a higher minimum admission average than that specified below. Applicants must be in satisfactory standing at the institution from which they are transferring. Applicants should consult the specific Faculty requirements in §15 or with admission officers in the Faculty of choice for more information.

(1) Admission Grade Point Average (AGPA) Calculation: The AGPA is calculated on all university transferable coursework completed in the most recent two terms of study if they contain a minimum of ★24. If those two terms contain less than ★24, all work in the next most recent term(s) is included in the calculation until the minimum total of ★24 is reached. Fall/Winter courses are considered Winter courses in these calculations. For applicants who have attempted less than ★24 of transferable postsecondary work, the AGPA is based on all university or university transfer credits attempted.

Note: Where the applicant has more than one passing grade for the same course at any institution, only the first passing grade is used in calculating the grade point average(s) for admission purposes.

(2) Applicants who have met the appropriate minimum matriculation requirements on first admission to another postsecondary institution will be considered for admission to the University of Alberta, if they

- a. present an admission grade point average (AGPA) of at least 2.0;
- b. meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).

Admissions Chart 1 Substitution of High School-Level Course Requirements

Admissions Chart 1 sets out the transferable postsecondary credit which will be substituted in cases where applicants do not present, for the programs to which applications are being made, the appropriate High School-level courses.

- (3) Students seeking admission who had not taken all five required Grade 12 subjects on first admission to another postsecondary program will be considered for admission to the University if they
- have successfully completed, through further high school or university transfer work, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
 - present the appropriate minimum application average on all five subjects specified for admission;
 - meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
- (4) Students seeking admission who have not met the appropriate minimum application average on first admission to another postsecondary program will be considered for admission to the University of Alberta if they
- have successfully completed at least ★24 transferable to the University of Alberta;
 - present an AGPA of at least 2.0;
 - meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
- (5) To be considered for readmission, an applicant who has been required to withdraw from the University of Alberta must
- if he or she is seeking readmission to the same Faculty, meet all conditions set by the Faculty at the time of the requirement to withdraw; or
 - if he or she is seeking readmission to another Faculty, present ★18 transferable to the University with an AGPA of at least 2.7 or ★24 transferable to the University with an AGPA of at least 2.0 on work done after being required to withdraw and meet all other admission or readmission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
- (6) To be considered for admission or readmission, an applicant who has been required to withdraw from another postsecondary institution must
- have successfully completed, through high school or university transfer coursework, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
 - subsequent to having been required to withdraw, have successfully completed at least ★24 transferable to the University;
 - present an AGPA of at least 2.0;
 - meet all other admission or readmission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).

14.2.2 Transfer from Alberta Colleges and Technical Institutes (Letter of Recommendation)

Subject to selection requirements, space availability and the English Language Proficiency requirement (see §§13.2 and 13.3), the University of Alberta accepts as having satisfied the matriculation requirements applicants who have successfully completed at least the course equivalent of a one-year full-time program at an Alberta college, technical institute, or provincially administered institution and whom the sending institution recommends in writing as having satisfied the matriculation requirements of the chosen University of Alberta program. Where further selection procedures are involved in the admission to a program, each applicant is considered on the same basis as any other person seeking admission to that program.

14.2.3 Transfer of Credit

Transfer credit may be granted to applicants for admission who have completed one or more University level course(s) at another recognized university or college. Transfer credit reduces the length of the University of Alberta program the student is required to take to qualify for a degree. Generally, the amount of transfer credit granted depends on how applicable the previous coursework is to the particular degree program applied for.

A maximum of two years of transfer credit will be granted toward a University of Alberta undergraduate degree program. This normally consists of ★60 or its equivalent (e.g., 10 full courses or 20 half courses). The amount of transfer credit is determined by the same regulations applicable to those students who are transferring from one University Faculty to another.

Also, some Faculties have placed a limit on the number of 100- and 200-level courses for which transfer credit may be granted. Prospective students should consult the Faculty sections for further details.

Some provincial postsecondary institutions have approved university transfer programs that provide for transfer of credit. The University will accept for transfer credit the courses listed in the appropriate transfer guide to the extent that the courses fit the degree program that the student wishes to enter.

Notes

- Transfer credit will be granted for 100-level language courses (or equivalent) that have been successfully completed, except where a 30-level (matriculation) course in the same language has also been successfully completed.
- Transfer credit will be granted for each course transferable to the University of Alberta if the grade achieved is at least a C- (or its equivalent) and the course is applicable to the specific program to which the student has applied.
- Among degree-granting institutions, transfer credit is assessed on an individual course-by-course basis by the receiving institution. Consequently, these course equivalents are not listed in the *Alberta Transfer Guide*.

The *Alberta Transfer Guide* explains the nature and the detail of transfer credit arrangements among various postsecondary institutions in Alberta, Northwest Territories, and Nunavut. It is available online at www.acat.gov.ab.ca or by writing to:

14.2.4 Advanced Placement

Advanced placement may be granted to applicants who have taken the equivalent of university courses in some other manner. This excuses them from taking the corresponding university courses, but other courses must be taken instead. Thus, students who have been granted advanced placement will not have the length of their program reduced.

If applicants feel they may be eligible for either transfer credit or advanced placement, they should ensure that the application is submitted well in advance of the deadlines given in §12. The University reserves the right to require applicants for transfer credit or advanced placement to write examinations at any level including that of matriculation.

14.2.5 Credit by Special Assessment

Some Faculties allow students to seek credit in certain specified courses without actually registering in and taking courses, if they can demonstrate an acceptable level of mastery of the course content. The procedure whereby a student seeks credit in a course by this nontraditional route is known as Credit by Special Assessment.

Faculties, in consultation with departments, will determine which, if any, of their courses may be attempted by special assessment and the conditions that a student must satisfy to have an application approved. In particular, students in any Faculty who wish to apply for credit by special assessment in a language course offered within the Faculty of Arts should consult §42.5.

The privilege of seeking credit in a course by special assessment is limited to students admitted to the University. Students wishing to receive credit in courses this way should report to their Faculty Office to be apprised of Faculty regulations and deadlines for submission of applications.

All grades obtained in attempts by special assessment, including failing grades, will be recorded on students' transcripts and computed into their student record in accordance with the policies of the students' Faculties.

Please refer to §22.2 for fee information.

14.3 Nonmatriculated Applicants

The University of Alberta gives special consideration to nonmatriculated applicants for admission to **some** undergraduate programs. To be considered for admission as a nonmatriculated applicant, a student must be 21 years of age or older by the first day of classes of the term in which admission is sought. Specific Faculty requirements for those Faculties that do consider nonmatriculated applicants for admission are outlined in §15.

Nonmatriculated applicants must normally complete specific Alberta Grade 12 courses (or equivalents) appropriate to each Faculty with a grade of at least 50% in each required course and a minimum overall average of 70%. There is a limit on the number of nonmatriculated applicants accepted into each program; there is no guarantee that candidates meeting the minimum criteria will be accepted. Students are considered based on their academic merit and interview

results where applicable. Notwithstanding the basis of admission, all students, once admitted, have the same rights, privileges, and responsibilities.

The application deadlines for nonmatriculated applicants are the same as for high school applicants (see §12).

14.4 Matriculated Applicants—From High School

14.4.1 Conditional Offers of Admission to High School Students

See §13.5.

14.4.2 General Requirements from High School Applicants

In general, admission to undergraduate programs is based on a minimum average of 70% on five appropriate Grade 12 high school subjects at the 30-level

(or their equivalent) including English Language Arts 30-1, with no mark of the five below 50%. Some faculties may require a higher competitive average on these subjects. Due to space limits in our undergraduate programs, preference is given to applicants with the best qualifications, see §15 for admission requirements by faculty.

14.5 First- and Second-Year Students with GPAs of 1.3 to 1.6—Admission to Fresh Start Program

To be considered for admission to the Fresh Start Program, the applicant must

- (1) present a Grade Point Average of between 1.3 and 1.6;
- (2) have not been previously required to withdraw from any postsecondary institution; and
- (3) be recommended for admission by the Faculty in which they were registered in the preceding year.

Admissions Chart 2 Classification of High School Courses Used for Admission

Grade 12 courses listed below are based on the Alberta Education curriculum and nomenclature. Prospective students from other provinces and territories should review the Grade 12 entry level equivalents on the Office of the Registrar and Student Awards website at www.registrar.ualberta.ca/admissions. English is an admission requirement for all Faculties, with the exception of Faculté Saint-Jean which requires French. The acceptable Alberta academic Grade 12 courses, other than English Language Arts 30-1, have been placed in three groups below. Faculties may accept other Grade 12 courses not contained in these three groups. Please see Faculty admission requirements (§15) for each program of study for further information.

- (3) Transfer applicants who have completed less than ★24 transferable to the University of Alberta will be considered for admission on the basis of their high school matriculation average and their postsecondary course work.
- (4) Subsequent to having been required to withdraw from any other postsecondary institution, students must have successfully completed at least ★24 transferable to the University of Alberta with an AGPA of 2.0 (2.7 for the Business Management programs and 3.0 for the BSc in Nutrition and Food Science (Nutrition Major) program) to be considered for admission. 15.2.1 BA

Admission to the Faculty of Arts is competitive. The number of high school and transfer admissions or readmissions to the Faculty may be limited in any given year depending on the number of applicants and their qualifications. Subject Requirements

- (1) English Language Arts 30-1
- (2) Four subjects from Group A, B and/or C. A maximum of one Group B may be presented for admission. In order to maximize their future program and course choices, all students are encouraged to present a broad range of subjects across Group A and C.

Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.

II. Transfer Applicants

Please refer to §§15.2.1(I), 15.2.11 and 14.2.1.

III. Nonmatriculated Applicants

The Department's admission recommendation to the Faculty of Arts will take into account the report of the audition committee as well as the results of departmentally administered aural and music rudiments examinations.
- (2) Candidates are encouraged to apply as early as January 1, even though applications are received until the application deadline noted in §12. Candidates must apply to the Department of Music for an admission audition prior to the audition deadline noted in §12.
- (3) Enquiries regarding the artistic requirements for admission to this program should be directed to Department of Music, University of Alberta, Edmonton, Alberta T6G 2C9; telephone (780) 492-3263, e-mail music@ualberta.ca

Students must present a minimum GPA of 2.3.

Students taking their preprofessional year in another Faculty or program are expected to choose courses consistent with the program in which they are enrolled. Students should also consult the Business section of the Calendar (§64) for information concerning courses to be taken in the preprofessional year as part of the requirements for particular majors.

II. Cohort Program

The Faculty of Business admits students in two categories, cohort students and non-cohort students. The cohort group consists of students entering directly into second year who are required to take all their primary core courses (see §64.1.3) together in cohort groups of approximately 64. There are a number of cohort schedules from which to choose. The purpose of the cohort program is to provide students with opportunities to develop leadership, communication and teamwork skills, and to better integrate them into the Faculty of Business, both personally and academically (see §64.1.1). Cohort applicants and non-cohort applicants will be ranked separately for admission purposes [see §15.4.1(III)]. Registration in cohort sections will normally be restricted to cohort students.

III. Selection Process

- (1) The Faculty of Business is a limited enrolment Faculty. Admission is not guaranteed to all qualified applicants.

Qualified applicants are ranked according to their grade point average in the most recent Fall/Winter consisting of at least ★15.

- (2) Qualified applicants will have completed their preprofessional year with all required preprofessional courses and a minimum of ★24 University transferable courses, with ★15 completed in one Fall/Winter. For ranking purposes, qualified applicants will be separated into two pools:
- Cohort Applicant Pool includes applicants with a minimum of ★24 and a maximum of ★39 University transferable course work, with credit in no more than one of the primary core courses (see §64.1.3) in the Faculty of Business; and
 - Non-cohort Applicant Pool includes applicants
 - with more than ★39 University transferable, or
 - credit in two or more of the primary core courses (see §64.1.3) in the Faculty of Business, or
 - with a degree from an approved postsecondary institution.

Preference within the non-cohort applicant pool will be given to applicants with transfer credit in all or most of the primary core courses in the Faculty of Business.

Applicants will be ranked within their respective pools and offers of admission made based upon this ranking within residency categories (see §13.2).

Applicants who do not possess all of the required preprofessional courses, but are otherwise admissible, may be considered for admission where space exists within one of the two applicant pools. Such applicants will be normally required to present a higher grade point average than those admitted under §15.4.1.(III)(1). Offers of admission will be based upon the grade point average in the most recent Fall/Winter, consisting of a minimum of ★15. Missing prerequisite courses are required to be made up in the first year of the program following admission.

IV. Transfer Applicants

Transfer credit may be granted depending on the nature of the program, applicability of the courses taken, and results achieved to a maximum of ★60, inclusive of the ★24 required for admission. Any courses to be considered for transfer credit to the BCom program must normally have been completed within eight years before admission to the Faculty.

V. Conditional Admission

Students who have completed or who have in progress all the necessary prerequisite courses are urged to apply to the Faculty of Business early to be eligible for conditional admission. Students are eligible for conditional admission if they meet the following minimum requirements:

- two or more of the prerequisite courses completed;

- at least one previous academic term with a minimum ★9 University transferable on which to calculate a GPA.

Conditional admission cannot be considered until transcripts are received by the Undergraduate office.

Generally, see §13.5.1 on conditional admissions.

Students registered in a recognized Bachelor of Commerce university transfer program in the Alberta college system should apply for admission at the end of their first year. Those with a competitive grade point average will be offered two admission alternatives.

- They may elect to complete their second year in the Bachelor of Commerce university transfer program at their college. They will be guaranteed admission to the University of Alberta the following year if they maintain a minimum grade point average of 2.0 or better.  - submitting an Application for Admission form with the application fee by the application deadline (§12.7);
 - submitting official transcripts by the document deadline (§12.7); and
 - submitting a copy of the deferred admission form.

On receiving these documents, students who have maintained the 2.0 grade point average for guaranteed admission will receive a permission to register letter and registration instructions.

or

Students transferring to Faculté Saint-Jean with one or more of the preprofessional requirements from another approved postsecondary institution must satisfy the admission and transfer credit requirements of Faculté Saint-Jean prior to applying to the Faculty of Business. See §183. Following the completion of the preprofessional year, students apply to the Faculty of Business in accordance with §15.4.1(I) and 15.4.1(III).

For students intending to pursue the Bilingual BCom, the following courses are accepted as equivalent course work for the purposes of §15.4.1(I):

★6 in ANGL or ENGL
 ECONE 101
 ECONE 102
 MATHQ 113 or 114
 STATQ 151

Note: ALS and ESL courses are not acceptable equivalents to ANGL or ENGL.

Students with a competitive grade point average will be offered two admission alternatives.

- They may continue in the Bilingual BCom program by completing their second year at the Faculté Saint-Jean and remaining registered as a student in the Faculté Saint-Jean. They will be guaranteed admission to the Faculty of Business the following year if they follow the program of studies (see §64.3) for the Bilingual BCom and maintain a minimum grade point average of 2.0 or better. After completion of their second year at Faculté Saint-Jean, students must take the following steps to confirm their admission:

- submit an *Application for Readmission or Internal Transfer* form by the application deadline, and
- submit a copy of their guaranteed admission form.

Students who do not submit a copy of their guaranteed admission form will be charged an application fee. Upon receipt of these documents, students who have maintained the 2.0 grade point average for guaranteed admission, will be sent a Permission to Register letter and registration instructions.

or

- They may elect to enter the Faculty of Business immediately and pursue the regular BCom degree.

VIII. Readmission of Previous Students

Students previously enrolled in the Faculty of Business who have interrupted their studies by as much as an academic year or more must apply for readmission by completing an Application for Readmission available from the Office of the Registrar.

15.4.2 BCom Honors Program

Honors programs in Business are available in several areas (see §§64.6.1, 64.6.2, and 64.6.3). Application to the Honors program is normally made after the completion of Year Two of the BCom program. However, qualified students in any year are encouraged to apply. Acceptance may depend on whether the students have room in their programs to complete Honors requirements. Students may be required to have completed specific course work in Year Two to be eligible for consideration (see §64.6). Prospective students must be currently in the BCom program, or have been accepted for admission to the BCom program. Students must normally present a minimum GPA of 3.7. Students will normally have received a grade of A- or higher in ECON 101, 102, MATH 113 or 114 and STAT 151, or have otherwise demonstrated excellence in their academic Program. 15.5 Dentistry

See Faculty of Medicine and Dentistry (§15.9).

15.6 Faculty of Education

All Applicants to the Faculty of Education

Applicants to all routes of the Bachelor of Education should seek experience in work or service with children or youth before admission. Such experience may assist applicants in confirming their choice of education as a career.

Because there are more applicants to the Faculty of Education than there are places, enrolment management is in effect for all undergraduate degree programs. Under enrolment management, an overall target for the Faculty is set each year. The number of new students admitted to any particular program or year of a program may vary depending on the number of available places and the promotion, departure, or graduation of continuing students. While the minimum average for application is 2.0, all admissions are competitive and the actual admission averages may be higher.

Test of Spoken English (TSE): Applicants who are normally required to submit a satisfactory TOEFL score must also submit a minimum Test of Spoken English (TSE) score. See §13.3 "English Language Proficiency" for specific score requirements.

If, after having read all relevant information in the following sections, students have further questions about admission to the Faculty of Education, they should contact Undergraduate Student Services Office, 1-107 Education North; telephone (780) 492-3659.

15.8 Faculty of Law

15.8.1 Bachelor of Laws (LLB)

General Admission Requirements

- (1) In measuring the potential of applicants, the Faculty Admissions Committee relies primarily on the undergraduate grade point average (GPA) and the performance on the Law School Admission Test (LSAT).

The GPA is determined by reference to the applicant's most recent ★60 of study in university credit courses, provided those units of course weight are completed by February 1 in the year in which admission is sought. The

GPA and the LSAT will be used to create a Prediction Indicator to rank the Regular Applicants. In their assessment of the Prediction Indicator, the Committee may take into account exceptional circumstances that adversely affected particular grades or overall academic performance and/or LSAT score(s), but do not pose an ongoing issue in terms of the applicant's ability to succeed in law school.

In a limited number of cases, the Committee may consider a broader range of factors beyond the Prediction Indicator, including the difficulty and quality of the applicant's previous academic work, employment experience, extracurricular and community activities, physical and cultural factors, and economic disadvantage, in order to distinguish between applicants with similar or identical Prediction Indicators.

- (2) The Committee will not consider any year of study or course or courses which cannot be credited toward a degree, or toward a university diploma approved by the Committee.
- (3) Admission into the Faculty of Law is limited to a quota of 175 students. Because the number of candidates who meet the minimum requirements for admission far exceeds the quota, it should be understood that eligibility does not guarantee admission. Admission is determined on a competitive basis.
- (4) Law School Admission Test (LSAT)
 - a. The LSAT is compulsory for all applicants. Test scores will be used to supplement a candidate's pre-law academic record. Test centres have been established at the University of Alberta in Edmonton, at the University of Calgary and at most other Canadian university campuses. The last acceptable LSAT writing date for September admission is December of the previous year. An LSAT registration and information booklet can be obtained from the Faculty of Law, Examinations and Timetabling in the Office of the Registrar and Student Awards or by visiting www.LSAC.org
 - b. The Committee normally averages scores where the applicant has taken the LSAT on more than one occasion. The Committee may, however, not take into account a particular LSAT score where the applicant establishes to the satisfaction of the Committee that the score was adversely affected by exceptional circumstances. Nonetheless, candidates are cautioned not to sit the LSAT if they are ill.
 - c. At least one LSAT that may be relied upon by the Committee must have been written within the last five years prior to admission.
- (5) The decision of the Committee in any matter is final, and there is no appeal from the Committee to any other body or person within the Faculty or the University.
- (6) The Committee will consider candidates for admission to the Faculty of Law in the following categories:
 - a. Regular Applicants
 - b. Special Applicants

It is the sole prerogative of the Committee to determine the category of the applicant. Applicants should carefully read the descriptions set out below.

15.8.2 Regular Applicants

- (1) To be considered for admission to the LLB program a Regular Applicant must
 - a. present proof of having received, with standing satisfactory to the Committee, a degree from the University of Alberta, or a degree from a university recognized by the University of Alberta; or
 - b. present proof of having completed, with standing satisfactory to the Committee, at least the first three years (90 credit hours) of a program leading to a degree at the University of Alberta, or from a university recognized by the University of Alberta.
- (2) In special circumstances, the Committee will consider applicants who demonstrate outstanding academic ability, and who will, before or in the Fall/Winter preceding the September in which admission is sought (i.e., by April 30), have completed not less than two years, or equivalent of a full program of studies that would be accepted for credit toward any degree at a university in Alberta. Outstanding academic ability is defined as
 - a. a minimum grade point average of 3.7 or its equivalent over the two years of study; and
 - b. an LSAT score which places the applicant in the 90th percentile of those who have taken the LSAT.
- (3) The Committee shall consider and evaluate, in its sole discretion, the content and grades of the applicant's academic performance and may reject applicant's whose general performance or course of study the Committee does not consider satisfactory.

Special interpretations may be made by the Committee where individual circumstances warrant.

Grades of all applicants from universities other than the University of Alberta will be converted, insofar as possible, to the grading scale in use at the University of Alberta, for the purpose of competitive evaluation. Effective September 1, 2003, the University of Alberta will use a letter grading system with a four-point scale of numerical equivalents for calculating grade point averages.

15.8.3 Special Applicants

No applicant can elect to be placed in any category. Allocation to such category shall be the responsibility of the Committee.

- (1) **Aboriginal Applicants:** For the purpose of application and admission to the University of Alberta, and in accordance with the Constitution Act, 1982, Part II, Section 35(2), an Aboriginal Applicant is an Indian, Inuit or Métis person of Canada, or a person who is accepted by one of the Aboriginal peoples of Canada as a member of their community. Refer to §14.1.2 for further details regarding proof of Aboriginal ancestry.
 - a. Aboriginal Applicants normally must have a minimum of two years leading towards any degree or equivalent acceptable to a university in Alberta, completed prior to or in the Fall/Winter preceding the September in which admission is sought (i.e., by April 30th). Consideration may be given to Aboriginal Applicants with a minimum of one year leading to a degree or equivalent, if they exhibit evidence of past achievements in non-academic areas indicative of an ability to succeed in law school.
 - b. The Committee may make an offer of admission conditional on successful completion of the Program of Legal Studies for Native People at the University of Saskatchewan.
 - c. The LSAT must be written as outlined in §15.8.1(4).
- (2) **Mature Applicants:** A Mature Applicant is one who is at least 35 years of age before the first day of September in the year admission is sought.
 - a. Mature Applicants normally have a minimum of two years leading towards any degree or equivalent acceptable to the University of Alberta, completed prior to or in the Fall/Winter preceding the September in which admission is sought (i.e., by April 30). Consideration may, however, be given to Mature Applicants with a minimum of one year leading to a degree or equivalent;
 - b. A Mature Applicant shall exhibit evidence of a minimum of five years past achievements in non-academic areas indicative of ability to succeed in the studies in law school; and in the opinion of the Admissions Committee shall have an above average chance of success in law school.
 - c. The LSAT must be written as outlined in §15.8.1(4).

15.8.4 Application Procedure

The application for admission to the LLB program is available from the web at www.registrar.ualberta.ca. The application must be submitted on or before November 1 of the year preceding the year in which admission is sought. All additional supporting documentation must be provided to the Faculty of Law on or before February 1 of the year in which admission is sought (See §12.7). Documentation should be submitted directly to the Faculty of Law at: Admissions Office, Room 128E, Law Centre, University of Alberta, T6G 2H5.

All applicants will be notified by letter regarding admission or non-admission. Successful applicants must confirm their intention to register by submitting a nonrefundable deposit within the time specified in the letter of acceptance. The deposit will be credited toward tuition on registration in September. (See §13.5.4)

The Admissions Office will not accept enquiries concerning the status of applications. Applicants are encouraged to check the status of their application on Bear Tracks at www.beartracks.ualberta.ca.

15.8.5 Application Documentation

The following documents are required to complete an application and must be postmarked by the application deadline in §12.

- (1) **Transcripts:** Two official transcripts of all postsecondary education are required. These transcripts must be complete and indicate any degree received. All transcripts must bear the seal of the issuing institution and the original signature of the issuing officer. Photocopies and transcripts without these marks of validity will not be accepted.
- (2) **Supplemental Admission Form:** A Law School Supplemental Admissions Form must be completed and returned by all applicants.

Note: to access this form in PDF format, see the Faculty of Law website www.law.ualberta.ca.

- (3) **LSAT:** The **December** test date is the last LSAT that can be written by applicants seeking admission in the following September. [See §15.8.1(4)]. The Admissions Office will obtain LSAT scores directly from Law Services for all applicants who have active files with Law Services in Newtown, Pennsylvania.

Note: For information regarding the combined MBA/LLB program, see §205.9.3.

- (4) A personal statement, resume, and two letters of reference are required for each Mature or Aboriginal Applicant.

15.8.6 Part-Time Program

- (1) Applicants who are admitted to the Faculty of Law under any admission category may apply to the Committee for admission to the part-time LLB program for the first year of study.
- (2) To be considered for admission to the part-time program applicants must
 - a. have been admitted through the admissions process;
 - b. demonstrate in writing to the satisfaction of the Committee circumstances to justify admission to the part-time program within one or more of the following categories:
 - i. family obligations requiring care for dependants or continued employment;
 - ii. personal or family health problems;
 - iii. physical or learning disability;
 - iv. circumstances such as employment commitments, financial hardship or other personal disadvantage that do not come with i) to iii).
- (3) **Application Procedures:** An admitted applicant who wishes to apply to the part-time program must apply in writing to the Committee before July 1 in the year in which the applicant has been admitted to full-time studies, or within five working days of having been informed of their admission, if the applicant accepts an offer of admission made after July 1.
- (4) Each academic year the Faculty of Law shall provide up to five percent of the available positions to the part-time legal studies program. The full-time student quota will be decreased by one full-time position for each two part-time positions filled.
- (5) Students admitted to the part-time program may, on a change of circumstances and with the approval of the Committee, transfer to full-time studies.
- (6) Part-time students must complete the requirements of the LLB degree within a maximum of six years.

15.9 Faculty of Medicine and Dentistry

15.9.1 Bloodborne Pathogens Policy

The University of Alberta recognizes its duty to minimize the risk of transmission of bloodborne pathogens to/by individuals studying or working at this University.

The Bloodborne Pathogens policy limits the possibility of transmission of bloodborne pathogens within the educational setting. The University recognizes, however, that it is not possible to completely eliminate the risk of infection.

Because there is a greater potential for transmission of bloodborne pathogens to/by students during clinical experiences in practice settings, students in the Faculty of Medicine and Dentistry are required to undergo testing for bloodborne pathogens.

Note: For updates on changes to medical testing and immunization refer to the Faculty Office.

15.9.2 BSc in Medical Laboratory Science

I. Preprofessional Year

Those wishing to enrol in the BSc Medical Laboratory Science program must complete a preprofessional year before applying for admission to the Faculty. The required courses or their equivalents are available at various universities and community colleges in Alberta. Students should where possible take these courses (equivalent to ★30 at the University of Alberta) as one year of full-time study.

II. Academic Requirements

A minimum of ★30 are required including courses in introductory chemistry, organic chemistry, microbiology, genetics, and English. For University of Alberta students, appropriate courses would include the following:

- (1) English ★6
- (2) General Chemistry ★6
- (3) Organic Chemistry ★6

- (4) Biology ★3 (cell biology)
- (5) ★3 from Biology, Genetics, Microbiology, or Zoology
- (6) Statistics ★3
- (7) ★3 options (any Faculty)

This course work is compatible with programs required of students in the preprofessional disciplines of Pharmacy, Medicine and Dentistry; with the specialization and honors programs in the Faculty of Science of Biochemistry, Cell Biotechnology, Genetics, Microbiology. All regulations of the Faculty in which the student is currently registered must be followed.

III. Other Requirements

- (1) **Selection Process:** A minimum GPA of 2.0 is required in preprofessional course work. Except ENGL, all preprofessional courses are prerequisites for senior courses. Thus, deficiencies would normally have to be made up. The preprofessional program may be completed through full- or part-time study at a number of postsecondary institutions that offer courses accepted as equivalent. The selection process is competitive, and applicants will be rank ordered according to the GPA in the required preprofessional courses. Preference will be given to those students who have completed the required ★30 in one academic year. An applicant may not benefit from additional postsecondary courses.
- (2) **Test of Spoken English (TSE):** Applicants must meet a spoken English requirement. (See §13.3.2.)
- (3) **Letter of Intent:** Applicants must submit a letter with their application for admission stating their career goals, knowledge of the profession, related experience, and reasons for seeking admission to Medical Laboratory Science. Prospective students should have toured a clinical laboratory or spoken to staff members of a clinical laboratory. Please contact the Division of Medical Laboratory Science for assistance.
- (4) **Bloodborne Pathogen Testing:**
Note: For updates on changes to medical testing and immunization refer to the Faculty Office.

- a. **Hepatitis B:** Hepatitis B surface antigen testing will be performed by the University Health Centre on all students after acceptance into the program. For those students who test negative for hepatitis B surface antigen (HbsAg), Hepatitis B vaccination will be required. An exception will be made for those for whom it is medically contraindicated or for those individuals who have proof of prior vaccination and test positive for antibody to Hepatitis B surface antigen (anti-HBs). After vaccination, students will receive a second test to determine if they have converted to produce the appropriate antibody titre. If they have not converted they will receive a second vaccination and again be tested. Those students who then fail to convert will be counselled as to their potential risk status during training and future practice.

For those students who test positive for Hepatitis B surface antigen, their “e” antigen (HbeAg) status and the presence of Hepatitis B viral DNA will be determined. If they are found to be positive for the “e” antigen or the viral DNA they will be counselled as to their risk of infecting patients.

- b. **Human Immunodeficiency Virus (HIV) and Hepatitis C Virus (HCV):** The data indicates that transmission of the human immunodeficiency virus (HIV) and Hepatitis C Virus (HCV) from a health care worker (HCW) to a patient in a health care setting is extremely rare, although transmission from patients to a HCW is more common. Therefore, all students accepted into the Faculty of Medicine and Dentistry are encouraged to undergo HIV and HCV testing upon admission and at any time during their program when concerns about infection have arisen, but testing for HIV and HCV is not mandatory at this time.

[See §113.2.5(6)]

IV. Aboriginal Applicants

The Division of Medical Laboratory Science will give up to one position within the quota for the BSc MLS program to Aboriginal applicants. Students of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35, Part 2, or a person accepted by one of the Aboriginal peoples of Canada as a member of their community, will be considered in this category.

Candidates will be subject to normal minimum admission requirements as outlined in §15.9.2 and approval by the Divisional Admissions Committee. If there are no qualified Aboriginal applicants in any given year, the position will be allocated to the general applicant pool.

Aboriginal applicants should contact the Coordinator, Division of Medical Laboratory Science, for career planning.

15.9.9 Doctor of Medicine (MD)

Application for Admission and Application for Readmission

Only electronic applications are accepted. To access the online application for the University of Alberta go to www.registrar.ualberta.ca

The Faculty of Medicine and Dentistry offers a four-year program leading to the degree of Doctor of Medicine. Although applicants differ in terms of academic talents and interests, common factors exist relating to the admissions procedure that those contemplating application should be familiar with. Because the number of applicants greatly exceeds the number of places available, a careful selection process is carried out as described below.

Applicants should be aware of the total length of time required to obtain a medical degree and following this a licence to practise—the usual time is a minimum of two years of pre-medical (normally four years pre-medical); four years of medical studies, at which point the MD degree is awarded; and then a minimum of two years of internship before licensure in Alberta.

I. Quotas

A quota exists in Medicine. 85% of the positions are reserved for Alberta residents and 15% of the positions are for Non-Alberta residents.

Additional positions over quota may be available for qualified Aboriginal applicants (see III) and qualified applicants from Rural community (see IV).

II. Academic Requirements

All students considering Medicine must register in a degree program and maintain good standing in that program. Regardless of the degree program, the student must take courses in the following core subjects:

- (1) ★6 in each of General Chemistry (including Inorganic Chemistry); Organic Chemistry; Physics; Biology; English.
- (2) ★3 in each of Statistics and Biochemistry. Where possible, students are encouraged to take a full year of Biochemistry when continuing in a degree program.

Notes:

- (1) To be considered for admission, students must normally have achieved a GPA 3.3 for Alberta residents, 3.5 for Non-Alberta residents, on a minimum of ★60. ★30 must be taken during one Fall/Winter.

Students are encouraged to obtain a baccalaureate degree before admission but may apply after two or three years in a degree program.

To be considered for entry after only two or three years at university or college, a student must have all the prerequisites as well as an exceptional GPA (minimum GPA of 3.7) and exceptional personal qualifications.

Students are normally required to conform to the stated requirements as the first year of the MD program is structured on the assumption that all the required material has been covered and that there will be neither time nor opportunity in that year to make up deficiencies.

Students taking the above courses must be registered in a degree program and are therefore subject to the rules and regulations of that Faculty. For several departments in Science, as well as other faculties, two pre-medical years containing the prerequisite subjects count for full credit toward a four-year degree. The student is advised to study the entrance requirements for the Faculty of choice carefully, paying particular attention to high school courses needed for entrance into programs that might be chosen if the student does not gain admission to the Faculty of Medicine and Dentistry. Please note transcript deadlines in §12.

- (2) **Medical College Admission Test:** All applicants must take the MCAT. The MCAT is electronic and there are several writings throughout the year. Please refer to the MCAT web site for information on test dates and locations. All information and registration is through the MCAT office at www.aamc.org/mcat. Students must release their MCAT scores through the electronic THx system through the AAMC's web site. www.aamc.org/students/mcat/sendscores/start.htm by the application deadline in §12. The Faculty will not accept the MCAT written in the spring of the year of admission. All applicants must write the MCAT before making application to the program.
- (3) **Interview and Letters of Reference:** Qualified applicants must present themselves for a personal interview. Closed letters of reference are required. Failure to provide these by the deadline in §12 may result in closure of the applicant's file.
- (4) **Test of Spoken English (TSE):** Applicants must meet a spoken English requirement. (See §13.3.2.)
- (5) **Personal Requirements:** While admission to the MD program is based mainly on academic performance, lack of essential personal qualities in an applicant may be deemed sufficient cause for refusal of admission. There is no discrimination with respect to the applicant's sex or age in the selection process.
- (6) **Selection Factors:** Selection of students for admission to the MD program follows guidelines established by the Board of Governors of the University of Alberta, General Faculties Council, and the Faculty Council of the Faculty of Medicine. Selection is the responsibility of a standing committee of Faculty Council, the Committee on Admissions.

Selection factors will consist of the following:

- overall GPA (achieved on all transferable postsecondary work including, at least one Fall/Winter of 30 credits);
- prerequisite courses (successfully completed and transferable);
- MCAT score;
- interview score;
- letters of reference;
- personal activities.

For applicants who have completed 4 or more years of postsecondary transferable course work, the admissions GPA (overall GPA) is calculated with the deletion of the lowest year GPA, provided it is not the most recent year, or the one and only year where 30 units of course weight (5 full course equivalents) have been completed.

An admission decision is normally valid only for the Fall/Winter term for which it is approved.

- (7) **Criminal Record checks.** Applicants should be aware that criminal record checks are required.
- (8) **Deposit:** Applicants are advised of the decision of the Admissions Committee in the spring. Successful applicants, on accepting a place in the first-year class, must send a nonrefundable tuition deposit to the Comptroller of the University of Alberta. This deposit is credited to tuition fees when the student registers. Should a candidate withdraw after accepting a position, this deposit is forfeited.
- (9) Students admitted to the MD program must present all required documentation to the Faculty office before orientation. Documentation includes photos and the College of Physicians and Surgeons form.

III. Aboriginal Applicants

The Faculty of Medicine and Dentistry may provide up to five positions over the regular quota for the MD program to Aboriginal applicants. Students who are of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35(2) will be considered in this category.

Candidates will be subject to normal minimum admission requirements as outlined in §15.9.9 and to approval by the Faculty of Medicine and Dentistry Admissions Committee. If there are no qualified Aboriginal students in any given year, these positions will not be allocated to other applicants.

Aboriginal student applicants and prospective pre-medical students should contact the Coordinator, Aboriginal Health Care Careers, Faculty of Medicine and Dentistry for individual counseling and career planning. See also §14.1.

IV. Rural Applicants

The Faculty of Medicine and Dentistry may provide additional positions over the regular quota to Rural applicants. For more information, contact the Faculty of Medicine and Dentistry Undergraduate Admissions Office.

Notes

- Students who wish to present a native language to fulfill a Group A admission requirement should contact the Faculty before applying for admission for further information. Proficiency is measured either by a test, administered by the University if such can be arranged, or by boards of examiners appointed by the University. Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.
- Advanced Placement: Applicants who do not hold credit in prerequisite courses, but who feel they have sufficient knowledge, may be permitted registration in an upper level course. A placement test may be administered. These tests are normally conducted for language courses (e.g., Cree). See also §14.2.4.

II. Transfer Applicants

Transfer from Other Faculties: Students in good standing in their past year's work in another Faculty at the University of Alberta may transfer to the Faculty of Native Studies by submitting an Application for Readmission/Internal Transfer to the Registrar's Office. Refer to §12.7 for Faculty deadlines. Transfer credit for course work already taken that is applicable to the Native Studies program will be given. Transferring students must clear any matriculation deficiencies specific to the Faculty of Native Studies. This may be done by taking a suitable course or courses at the 100-level. Students must register in these courses in the first year in the Faculty. The Dean (or designate) will decide whether courses will be accepted for degree credit, depending on the nature of the deficiency.

Students with unsatisfactory standing in their past year's work in another Faculty will not normally be considered for admission without completing ★24 of transferable credit at another postsecondary institution and achieving a minimum GPA of 2.0.

15.13.6 Aboriginal Applicants

The Faculty of Physical Education and Recreation encourages Aboriginal students' study toward the BPE, the Combined BPE/BEED, and the BA (Recreation, Sport and Tourism) degree programs. The Faculty of Physical Education and Recreation recognizes that Aboriginal applicants (including status and non-status Indians, Inuit, and Métis) have traditionally been underrepresented in these fields. To assist more Aboriginal students to attain these degrees, the Admissions Committee considers additional qualified applicants over and above the Aboriginal students who may be admitted in the regular competition for

places in the Faculty. Until the Aboriginal enrolment of the Faculty of Physical Education and Recreation reaches 10% of the total enrolment, up to 5% of admissions to the Faculty will be allocated to Aboriginal applicants. Aboriginal students who wish to be considered for these places must attain the minimum admission requirements for these programs.

15.13.7 Exceptional Student Athlete Applicants

A limited number of spaces are available to students who have demonstrated excellent athletic talent and ability and have applied significant time in the pursuit of sport and athletic excellence. Students wishing to be considered for admission under this category would complete the following procedures:

- (1) **Eligibility:** All student-athletes (high school or transfer) who
 - a. meet the minimum 70% or AGPA of 2.0 and subject requirements for application; and
 - b. display a level of sport performance that
 - i. can be documented objectively by an independent external source (i.e., league commissioner, national team coaching staff) and possess athletic prowess that would be acceptable to any CIS participating institution.
 - ii. requires a minimum annual average of 15 training/competition hours per week in the year immediately before the application.

- (2) **Application Procedure:**

- a. In addition to submitting the application for admission form to the Office of the Registrar and Student Awards, all exceptional student athlete applicants must file additional documentation with the Exceptional Student Athlete Admissions Committee of the Faculty of Physical Education and Recreation. These materials shall include objective documentation by an independent external source of exceptional athletic prowess; documentation of participation in a minimum annual average of 15 competition training hours per week; and external references documenting potential of the applicant to the field of Physical Education and Recreation. This documentation is then screened by the Exceptional Student Athlete Admissions Committee to insure the above eligibility criteria. Applications from non-CIS sports are considered equally with student athletes from current University of Alberta program offerings.
- b. All relevant material must be submitted by May 1. Decisions of the Exceptional Student Athlete Admissions Committee will then be conveyed to the applicant and to the Faculty Admissions Committee. Following its meeting in late June, the Faculty Admissions Committee will formally notify applicants of the decisions made in their case.
- c. All exceptional student athlete applicants who wish to commence their respective programs in January must be approved during the previous year's application and selection process.

15.13.8 Special Students

Special students are students who have been permitted to register in one or more courses not being taken for credit toward a degree program. To be considered for admission, applicants must normally have received a university degree, and must present a competitive AGPA. Because the Faculty of Physical Education and Recreation is a limited enrolment Faculty, priority in admission is given to applicants to degree programs. Special students who wish to continue must reapply each year, and priority is given to applicants who have not previously attended as a Special student. Special students should apply to the Faculty in which they will take the majority of their courses.

15.13.9 Visiting Students

Students from other universities or colleges are eligible to be considered for admission to the Faculty of Physical Education and Recreation as visiting students if

- (1) they are degree program students at their home institution;
- (2) their home institution provides a letter of permission;
- (3) their academic record shows satisfactory standing.

Visiting student status will normally be granted for one Fall/Winter or Spring/Summer period only. Because the Faculty of Physical Education and Recreation is a limited enrolment Faculty, priority in admission is given to applicants to degree programs.

15.14 Faculté Saint-Jean

Admission requirements for Faculté Saint-Jean appear in §183.

15.15 Faculty of Science

Admission to the Faculty of Science is competitive. The number of high school and transfer admissions or readmissions to the Faculty is limited. Presentation of the minimum application requirements does not assure admission. Applicants will be assessed on the basis of their academic records as described below.

15.15.1 Bachelor of Science (BSc) (General)

I. High School Applicants

High school applicants will be considered for admission based on their matriculation average on the five subject requirements. A minimum average of 70% is required for consideration.

Subject Requirements

- (1) English Language Arts 30-1
- (2) Pure Mathematics 30
- (3) Two of Biology 30, Chemistry 30, Mathematics 31, Physics 30
- (4) Subject from Group A, B, or C

Admission of BSc General program students to the minor in Business is competitive. As described below, admission to the minor is by application at the end of Year 1.

Admission Requirements

- (1) Present an AGPA of at least 2.3 [the AGPA is calculated as defined in §14.2.1(1)] and
- (2) Present an average of at least 2.3 on the following courses which must have been successfully completed:
 - a. ★6 junior English
 - b. ECON 101, and 102
 - c. One of MATH 113, 114 or 117
 - d. ★3 additional in Mathematical Sciences (Mathematics, Computing Science, or Statistics)
 - e. Either ★6 in Physical Sciences (Physics or Chemistry) or ★6 in Science taken from Biological Sciences, Earth Sciences or Science Psychology.

In ranking applicants for admission to the quota, 40% weight is given to the applicant's AGPA and 60% weight to the applicant's average on the required courses listed above. If an applicant has repeated a course, the first passing grade is used to calculate the applicant's ranking. Admission to the minor in Business is normally at the end of Year 1, and preference is given to students who apply at that point in their program. With the exception of ECON 101, applicants who do not have all the required prerequisites noted, but who have a competitive GPA are encouraged to apply. If admitted, such students will make up any course deficiencies during the first Fall/Winter in the Business Minor program.

15.15.3 BSc (Honors)

Admission to the first year of an Honors program requires a minimum overall application average of 80% on the five required subjects with the approval of the Faculty Office and the Department concerned. A request for this privilege should be made on the Application for Admission.

Students need not commit themselves to Honors in the first year and may register in a full course load (★30) and an appropriate selection of courses as required by the regulations of a four-year program. If a sufficiently high standard on a minimum of ★30 is obtained in the first year, students may enter Honors in the second year. Students desiring to do so must submit an Application for Readmission and Internal Transfer to the Office of the Registrar and Student Awards by the application deadline. Admission beyond first year requires a minimum GPA of 3.0 in each of the preceding Fall/Winters and completion of a minimum of ★30 in the Fall/Winter preceding transfer to the Honors program. (Certain departments require a higher GPA or specific subject requirements. See Admission Chart 5.)

Applications for transfer to Honors submitted by students who have completed the second or even third year of another program are considered, subject to the normal application deadlines.

Specific admission requirements for each Honors program are detailed in Admission Chart 5.

15.15.4 Bachelor of Science (Specialization)

Permission to enter the first year of a Specialization program normally requires an application average of at least 75% on the five required subjects plus consent of Department and the Faculty Office.

Admission beyond first year requires a minimum GPA of 2.3 in each of the preceding Fall/Winters. (Certain departments require a higher GPA or specific subject requirements. Refer to Chart 5 for specific details for each program.)

Specific admission requirements for each Specialization program are detailed in Admission Chart 5.

15.15.5 BSc (Honors) and BSc (Specialization) Admission Requirements

- (2) Pure Mathematics 30
- (3) Biology 30
- (4) Chemistry 30
- (5) Subject from Group A, B or C (Physics 30 recommended)

II. Nonmatriculated Applicants

Nonmatriculated applicants are considered for admission based on their average on the three subject requirements noted below. A minimum average of 70% is required for consideration.

Subject Requirements

- (1) Pure Mathematics 30
- (2) Biology 30
- (3) Chemistry 30

III. Transfer Applicants

- (1) **Transfer into the BSc/BEd Combined Degrees program from a University of Alberta BSc or BEd program or from other Faculties and Universities:** A student in either a BSc or BEd program may transfer into the combined degrees program after the first year if all course and academic standing requirements of the first year of the combined degrees program and all admission requirements have been met at the time of transfer. Transfer will normally not be possible after the completion of two years. Such applicants should apply for admission to either the BEd or BSc program and on completion enter an after degree program in Science or Education.
- (2) **Transfer from Alberta Colleges:** Transfer into the BSc/BEd Combined degrees program by applicants from certain two-year college programs

may be possible after the second year if all course and academic standing requirements of the first and second years of the combined program and all admission requirements have been met at the time of transfer.

A student transferring into the combined program with transfer credit normally will be required to complete at least ★90 (normally the last ★90) while registered in the combined program.

Normally, a student will be able to transfer from the combined degrees program to a Bachelor of Education program after Year 2 or 3 and should be able to complete the degree in one or two years. However, transfer to a BSc program must be made after Year 2 at the latest to avoid loss of credit.

Note: A minimum AGPA of 2.3 will be required for all transfer applicants.

15.15.7 Transfer Students

Subject to (1), (2), and (3) below, transfer applicants may apply to transfer to the Faculty of Science provided they are in satisfactory standing by the standards of their current program and provided they have an AGPA of at least 2.0.

Advanced standing will be given for completed course work which is applicable to the degree program. Credit will normally not be given for course work of a professional or clinical nature.

Students who do not meet the specific matriculation subject requirements as outlined in §15.15 will not be considered for admission to the Faculty of Science. Any deficiencies in matriculation subjects must be rectified prior to admission.

- Transfer applicants who have never been required to withdraw from any postsecondary program, Faculty, or institution (or equivalent by the standards of the Faculty of Science) and who have completed ★24 or more of postsecondary courses transferable to a BSc program will be considered for admission on the basis of their admission grade point average, AGPA. See also §14.2.1.
- Transfer applicants who have never been required to withdraw (or equivalent by the standards of the Faculty of Science) from any postsecondary program, Faculty, or institution and who have completed less than ★24 of postsecondary courses transferable to a BSc program will be considered for admission on the basis of both their high school matriculation average and their postsecondary average.
- Subject to (4) below, applicants whose record includes one previous requirement to withdraw (or equivalent by the standards of the Faculty of Science) from any postsecondary program, Faculty, or institution and who have not previously failed Probation in any postsecondary program, Faculty,

or institution will be considered for admission or readmission on the basis of the AGPA as described in §14.2.1(5) and (6). Such applicants must either:

- a. have completed ★18 of postsecondary courses transferable to the University of Alberta subsequent to the requirement to withdraw with a GPA of at least 2.7 or
 - b. have completed ★24 of postsecondary courses transferable to the University of Alberta subsequent to the requirement to withdraw with an AGPA of at least 2.0.
- (4) Applicants who have failed Probation in any postsecondary program, Faculty, or institution as well as applicants who have twice been required to withdraw (or equivalent by the standards of the Faculty of Science) from any postsecondary program, Faculty or institution will not be considered for admission or readmission to the Faculty of Science.

Credit by Special Assessment: A student who has completed systematic studies which may be equitable to a 100-course creditable in the Faculty of Science and who has been unable to obtain the equivalent advanced standing may apply for Credit by Special Assessment to the Dean or designee. The Department concerned may require the student to write a regular final examination covering the material of the course being assessed. With the exception of IB and AP courses as outlined in §§16.1 and 16.2, credit by special assessment is generally not available in laboratory courses. A fee for Credit by Special Assessment will be levied other than for IB and AP courses. Credit by Special Assessment is not offered in courses in which a student has previously received a failing grade.

15.15.8 Aboriginal Applicants

Please refer to §14.1 for regulations and requirements.

15.15.9 Visiting Students

Students from other universities or colleges are eligible to be considered for admission to the Faculty of Science as visiting students if

- (1) they are degree program students at their home institution;
- (2) their home institution provides a letter of permission;
- (3) they have completed a minimum of ★24 at the home institution;
- (4) their academic record shows satisfactory standing.

Priority for visiting student status is given to students who are applying under the auspices of a formal exchange program. Visiting student status is granted for one academic year. Visiting students must reapply each year and present a new letter of permission from their home institution. As the Faculty of Science is a limited enrolment Faculty, visiting student admissions may be restricted.

15.15.10 Special Students

Special students are those who have been permitted to register in one or more courses which are not being taken for credit toward a degree program. Priority in admission in the Faculty of Science is given to applicants to degree programs, and there may be a limit on the number of special students admitted each year because the Faculty of Science is under enrolment management. Special students may not have access to all courses offered by Science departments. To be considered for admission as a special student in the Faculty of Science, applicants must normally have received a university degree in science from an accredited postsecondary institution, present a competitive admission grade point average, and meet English Language Proficiency requirements as specified in §13.3. Special students who wish to continue must reapply each year, and priority is given to students who have not previously attended as special students.

16 Admission for International Baccalaureate and Advanced Placement Students

16.1 International Baccalaureate Students

Admission to the University of Alberta for high school students enrolled in the IB program is based on IB grades or, if a second curriculum is studied in conjunction with IB (i.e. Alberta Education Diploma), the higher of either the IB or high school grade will be used. An official IB transcript is required as part of admission.

Admission to the University of Alberta for **Full IB Diploma candidates** will be based on the presentation of:

- Predicted or final diploma average of 28 or higher points (no single grade less than 4)
- Competitive averages vary by program
- An official IB transcript must be submitted for transfer credit evaluation.

Notes

- (1) Students given Advanced Placement will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also challenge a junior or senior course for credit via the Credit by Special Assessment route if they have appropriate qualifications and are eligible within the regulations.
- (2) Credit will be awarded for all five regional options offered at the higher level (HL), including Africa; Americas; East and South East Asia and Oceania; Europe (including Russia/USSR); and South Asia and the Middle East (including North Africa).
- (3) For students entering the Faculty of Engineering, transfer credit for the first (qualifying) year courses does not reduce the minimum load requirement of 37.0 units.
- (4) Students wishing to pursue credit by special assessment, please refer to §14.2.5 for information.

If a combination of IB and alternate curricula grades are used in the calculation of the admission average, the grade conversion scale used to determine admission is as follows:

IB Grade	Alberta % Equivalent
7	98%
6	90%
5	82%
4	73%
3	55%
2	not accepted for admission
1	not accepted for admission

IB Transfer Credit Policy

Students who are enrolled in the International Baccalaureate program must submit official IB transcripts by the document deadline (see §12.6). Advanced Standing (credit or placement) in approved courses is awarded for an IB grade of 6 or 7 only (see §§14.2.4 and 14.2.5). Students who are awarded the IB Diploma are granted ★3 (credits) in an open elective course at the 100-level. For a list of eligible IB courses approved for advanced standing, refer to Admission Chart 6.

Students qualifying for transfer credit based on IB coursework will have the option of declining the credit on a course-by-course basis. The decision to decline credit is final and cannot be reversed. All grades earned in subsequent coursework, including failing grades, will be permanently recorded on students' transcripts and computed into GPA calculations in accordance with the policies of the students' Faculties. Students wishing to decline credit must contact ib@registrar.ualberta.ca prior to the Fall term course registration deadline (see §11.1).

16.2 Advanced Placement Students

Admission for high school students enrolled in the AP program is based on **the higher of** either the high school grade or the AP grade. An official AP transcript is required as part of the admission process. If AP grades are not available at the time of admission selections, the high school grade is used.

The grade conversion scale used to determine admission is as follows:

AP	Admission % Equivalent
5	96%
4	86%
3	76%
2	65%

Students who are enrolled in the Advanced Placement (AP) program must submit official AP transcripts by the document deadline (see §12.6). Advanced Standing (credit or placement) in approved courses is awarded for an AP grade of 4 or 5 only (see §§14.2.3, 14.2.4 and 14.2.5). For a list of eligible AP courses approved for advanced standing, refer to Admissions Chart 7. Students qualifying for transfer credit based on AP coursework will have the option of declining the credit on a course-by-course basis. The decision to decline credit is final and cannot be reversed. All grades earned in subsequent coursework, including failing grades, will be permanently recorded on students' transcripts and computed into GPA calculations in accordance with the policies of the students' Faculties. Students wishing to decline credit must contact the Office of the Registrar (AP@registrar.ualberta.ca) for details on necessary procedures prior to the Fall Term course registration deadline (see §11.1).
